GERMANS LAUNCH IN CRETE From Land, Air

New Gains Made Over Rebel Army

R.A.F. and Ground Troops Continue Attacks On Iraq Forces

By FREDERICK KUCH
LONDON, May 20.—(BUP)—British Imperial forces have opened a battering land and air offensive against the pro-Axis Iraqi army. It was said authoritative today.

Following disclosure that Axis planes again had bombed the Iraqi coastal area where three of their craft were shot down, a British communiqué said that Imperial forces in Iraq had occupied the town of Falajsh and found an important bridge there intact after a "short engagement" with the Iraq.

Falajsh is about 35 miles from the Iraqi capital of Baghdad, toward which the British were pushing from Habbaniya airmail station. The Iraqi troops which are supported by German and Italian aircraft and forces and possibly by air-transported Axis troops.

The Royal Air Force which has been bombing Axis communication lines in Greece, Rhodes and Syria continued operations. Especially over Iraq where pamphlets demanding surrender of the Axis forces and the dropping of bombs were dropped.

The British offensive obviously was designed for a quick capture of the Iraqi in an effort to regain control of the great Mosul oil fields before the Axis could bring strong forces into the Near East.

The Bara and Habbaniya sectors were the western Iraqi fronts were reported relatively quiet.

Big-Scale Cottage Program For Army Dependents Urged

VANCOUVER, May 20.—(CP)—A plan to build several hundred \$10,000 cottages for use of dependents of soldiers on active service at a rental of \$15 a month was put before city properties committee last night by Mrs. H. W. Macklin, representing the women's auxiliary of the Duke of Cornwall's Own Rifles, British Columbia Regiment.

Mrs. Macklin suggested the city rent a site at a home of a capital expenditure of \$15,000. The \$15 rent, she said, would take care of the capital expenditure, plus the cost of the within the 10 years at the end of which the city would regain possession of the land plus the cottage.

Police proposal was left with the committee for consideration.

Mysterious Call Reports Bomb Is Placed On Vessel

NEW YORK, May 20.—(AP)—The steamship City of New York of the American-Canadian line was escorted for a bomb early today by police and federal bureau of investigation agents following a telephone warning by an anonymous caller that an explosive would be placed aboard.

A police captain said he believed the warning was a phony.

The vessel was scheduled to sail today for Capetown, South Africa.

Ace British Test Pilot Spans Atlantic In Record-Breaking Time

Across the Atlantic in seven and a half hours! It requires first-class planes to make such a crossing—and first-class pilots to handle them. This eastbound record crossing was made by Maurice Summers (right), in the huge U. S. manufactured four-engined plane (above). Mr. Summers is 29 years of age and one of Britain's chief test pilots.

S.C. TO NAME NOMINEE FROM PANEL CHOSEN

Committee To Make Final Selection Of City By Election Candidate

Delegates to the East Edmonton Convention Social Credit Association met last night at the Hotel Macdonald, where they will select a nominee to contest the by-election in that constituency on June 2. From these three, the selection committee will name one to carry the Social Credit standard in the contest.

The three named by the convention are Cyril A. Kennedy, William Hazard and Elsie A. Hart.

It is expected the final selection will be made in the immediate future, as election day is now less than two weeks away. Next Monday, May 26, is nomination day, and the voting takes place the following Monday.

With definite naming of a slate by Social Credit forces, the fight for the Social Credit nomination will be a contest of three candidates: Cyril A. Kennedy, William Hazard and Elsie A. Hart.

At the Social Credit convention Monday night were 40 delegates.

FOUR ELEVATORS, HOMES RAZED IN WARSPIRE BLAZE

WASISTE, Alta., May 20.—(CP)—A fire which started in the top of a grain elevator destroyed four elevators and six homes in Wasiste, Alta., Monday night. The fire, which started in the top of a grain elevator, spread to the other elevators and homes. The fire was caused by a short circuit in the elevator's wiring.

It is estimated the damage will amount to \$10,000. The fire started in the top of a grain elevator, which was used for storing grain.

Government at Vichy May Also Grant Passage Of Troops

LONDON, May 20.—(CP)—Vichy may hand back the former African colonies of Togoland and the Cameroons and then grant Nazi troops passage across French territory to strike at the Free French forces of General Charles De Gaulle, an authoritative source said early today.

Commenting on a Vichy announcement implying France would begin action in an effort to regain French equatorial Africa now under the De Gaulle banner, he said:

"Only a small force could march across the French Sahara desert, but even a comparatively small, mobile force could be a devil of a nuisance in those parts."

French headquarters here say Vichy collaboration with Germany was "neither free nor legal, and consequently cannot be considered as binding on the French people."

The former German colony of Togoland, which is situated in the northwest of Africa, is now under the De Gaulle banner, he said.

MORE BRITONS RELEASED FOR NEW FIGHTING

Smashing of Resistance by Italians Sends Men to New Fronts

LONDON, May 20.—(CP)—The steady smashing of the last resistance in Italy's South African army is releasing thousands of British soldiers for new fighting in the rain-soaked battlefields of Ethiopia for desert front.

The Duke's surrender of himself and his trapped army of 7,000 Italian soldiers yesterday was expected in these circles to hasten the evacuation of the Italian army from Ethiopia.

Authoritative circles declined today to estimate the number of British and Imperial troops—including the Indian and South African forces, to which the Duke of Aosta surrendered his army after Amba Alaba—remained in action in Ethiopia.

GERMANS ADMIT SINKING LINER But Claim All Passengers, Crew Taken Safely To Land

By FREDERICK OCHSNER
BERLIN, May 20.—(BUP)—It was announced officially today that all the passengers of the Egyptian liner Zamzam, including 142 Americans, and all of its crew, were rescued by a German warship which destroyed the ship in the South Atlantic.

In all, the Zamzam carried 223 men, women and children, including a crew of 120 men. She had been missing since the clearing of Recife, Brazil, April 18.

The authorized Nazi spokesman claimed that the Zamzam, though flying the technically neutral flag of a non-belligerent ally of Great Britain, was carrying contraband and therefore was sunk according to the rules of war.

He refused to disclose what type of ship sank the liner, but pointed out that it could not have been a submarine since the ship had been taken 323 prisoners aboard.

Today's War Moves

THE Germans, in attacking Crete, have struck at one of the most strategic British strongholds in the eastern Mediterranean. It is a bold stroke, one of the boldest the Germans have yet made in that area.

The attack looks more like a gamble than anything Hitler has attempted before, because he has the British navy to contend with. It is because of the British navy that Hitler did not attempt to transport troops by sea, even across the narrow 10 miles which separate the island from the Greek peninsula.

Instead, he sent his troops by air and landed them by parachute. That in itself is evidence of the air strength Hitler has been able to build up in the eastern Mediterranean in which the Royal Air Force in the Aegean is a grave enemy.

It is thus the air versus the sea issue which is being fought out in Crete. The British navy is banking on its air force being capable of overcoming the hand-picked German paratroopers by isolating the island and cutting it off from any source of supply or communication except by air.

The obvious reason for Hitler's move is that Crete, controlled by the British and Greek forces evacuated from Greece, is a real menace to his campaign in North Africa and Asia Minor. Crete is an outpost from which British ships and planes can attack the Egyptian and Iraqi fronts.

German occupation of Crete would enable the Axis powers to shelter their troops from British air attacks.

Premier Churchill Announces Stern Battle In Progress

Nazis Are Landed On Greek Island By Gliders, Parachutes and Troop-Carriers, Wearing Anzac Uniform

LONDON, May 20.—(CP)—Prime Minister Churchill announced today that 1,500 German troops wearing New Zealand battle dress had landed by gliders, parachutes and troop-carriers in Crete.

British imperial and Greek troops are engaging them in a stern battle, the prime minister said.

So far the defence force has the situation "in hand," the prime minister told the House of Commons; the Germans have failed in an attempt to capture a British airfield and British and Greek troops have recaptured a military hospital which for a time had been in the hands of the "chitists."

A fairly strong attacking group on the Cana-Malei road has not yet "been mopped up," Mr. Churchill went on, "but other parties have been accounted for."

Germans Fly 100 Miles For Attack

The Germans flew approximately 100 miles from the Greek mainland in great strength to invade Crete, last Greek territory to be held by the Anglo-Greek allies, and one which Mr. Churchill had declared will be defended to the death.

It is held by New Zealand, British and Greek troops under the command of the New Zealand, Maj.-Gen. B. C. Freyberg, V.C.

The Germans preceded the invasion with the intense aerial bombardment of Suda Bay, the Crete naval base, and various airfields on the island.

Fall In Attempt To Take Airdrome

Then, early this morning, the 1,500 Nazi troops in New Zealand battle dress landed by glider, parachute and troop plane on the Cana-Malei area at the western end of the island, Mr. Churchill said.

They failed, however, in their attempt to take Malei airdrome, the prime minister went on, and by force of the British command considered it had the situation in hand. Fighting, however, continued.

The sudden invasion was regarded not only as an Axis attempt to gain a stepping stone for passage to the near east mainland, but also as a possible dress rehearsal for an airborne invasion of the British Isles.

Might Precede Attack On Cyprus

Successful invasion of Crete might be followed by a similar attack on British Cyprus, which lies off the Syrian coast. Thus the Germans would clear the Mediterranean sea-lane to Syria and complete the encirclement of Turkey, already hemmed in on the west by Axis-occupied islands in the Aegean.

The attack was not entirely unexpected. Night after night the R.A.F. has been sending concentrations of German planes on southern Greek airfields, and the Germans, in turn, had been stepping up their attacks on Crete.

Statement Electrifies Commons

Coming at the end of a brief review of British operations in the Middle East, Mr. Churchill electrified the House with his statement on Crete. None of his staff knew he intended to make the extemporary remarks.

He did not trouble about peroration but just sat down after the speech, the first part of which treated the House to light-hearted and witty phrases.

Looking them Over

For the benefit of you folks who took a normal, orderly existence and take your vacations in the usual vacation manner, I can readily assure that the time factor is still completely cockeyed so far as holidays are concerned.

The minute you look up your desk, all clocks seem to go into high gear. As a result of this delusional experience, two weeks pass before you can do more than draw a couple of deep breaths.

However plenty happened here in those two weeks I find. The Central Alberta Baseball League, which seemed two weeks ago to be all set as a four-team loop has dwindled to a three-club affair. Suttler's inability to get definitely organized in time is the cause. The folks down there want baseball and the needed players are available, but the boys just couldn't seem to get together in time.

Personally I consider that a great shame for I think a league with two Edmonton clubs, Ponoka and Stettler would have proved the most successful we have had here in many years. Ponoka and Stettler both parts had better teams at less cost than have been seen around those parts in quite a while.

The distance between Edmonton and Stettler was the factor that chilled enthusiasm. I doubt however if this spectre would have materialized as a major problem. With a four-team loop and operating costs as low as they will be, travelling would have been easier to finance than it was just last season when Ponoka to Edmonton was the longest jump.

Stettler's enthusiasm however is likely to result in a team being organized and a series of exhibition games arranged with the three league clubs in sort of a stage for next year.

Strange Winter Sport Picture

WINTER is one season I always view with alarm—but I would rather view just about anything else you can name—but with no winter hockey here the next surge of snow and ice promises to be unusual to say the least. Requirement of the Arena for Air Force needs has apparently put the senior-puck chasers into the ice in a gutter classification.

The announcement that junior hockey will be proceeded with, apparently on outdoor rinks, is cheering, however. So long as sport does not interfere with the war effort, it should be encouraged more than ever in these times.

Cancellation of the fall race meet is a sad blow, but there is just a possibility that some good may come out of it. Two or three barns could be erected at the South Side Athletic Park and with a few improvements a nice little meet might be staged there. It wouldn't of course be on the scale of the prairie racing circuit, but there are enough good horses around Alberta to fill out modest programs that would certainly be a lot of fun.

With encouragement, the present annual South Side meet might be built into a mighty attraction.

The thoroughbred breeding industry here has developed to a point where it is important enough to justify some action to help it pull through the difficulties caused by the war. It now appears that the exhibition and racing in Edmonton will be suspended after the July show, until the war is over. In view of that, some serious thought might be given to possibilities of doing something at the South Side track.

Whirlaway-Jones Combine Faces Tough Field Today

NEW YORK, May 20.—(AP)—A strange friendship between a man and a horse is making history these days. Horse is Whirlaway, gunning for the crown at Kentucky's three-year-old racing champion. The man is Ben Jones of Missouri, the homey, likeable trainer for Warren Wright's Calumet farm at Lexington, Ky.

The chestnut colt already has piled up \$104,000 in winnings, maximizing his string with Kentucky Derby and Preakness. And he's going after the Belmont stakes on June 3 to try to make a sweep of three of the American turf riches prizes.

TOUGH OPPOSITION TODAY
Believing the Kentucky Derby and Preakness winners meet racing in condition, Jones says Whirlaway is in the best shape he's ever been in.

Whirlaway entered the colt against older horses in the \$250,000 Kentucky Handicap at Belmont Park today. And it's common sense to expect the colt to be in the best shape he's ever been in.

U.S. OPEN DRAWS SMALLEST FIELD IN EIGHT YEARS

NEW YORK, May 20.—(AP)—One thousand and fifty-two entries—the lowest since 1953—have been accepted for the 1961 United States Open golf championship at Fort Worth, Tex., June 3, 6 and 7, the United States Golf Association announced Monday.

This number, slightly larger than the first count which was taken after a week ago, includes the unusually large number of 42 players who have earned exemption from the sectional qualifying rounds. The remaining 110 players will have to shoot for 128 points in the big tournament at 128 holes on May 26.

The field at Fort Worth has been limited to 128 players. Those who turned in the 30 lowest scores or tied for 30th last year, eight former champions who were not in that group and the home club professional, Bob Byrnes, can go in without playing in the 36-hole preliminary qualifying rounds. The remaining 110 players will have to shoot for 128 points in the big tournament at 128 holes on May 26.

The field will include 15 former Open championship winners. Lawren Little, the defending champion, Gene Sarazen, Ralph Guldahl, Byron Nelson, Tommy Armour, Johnny Farrell and Sam Parks, Jr., were among last year's leaders. Fred McLeod, George Sargent, Walter Hagen, Chick Evans, Billy Burke, Johnny Goodman, Olin Dutra and Tony Maers were exempted from the sectional rounds under a special rule.

The other exempt players include Horton Smith, Craig Wood, Ben Hogan, Harold Gardon, McSpadden 1930 Canadian Open champion, Sam Snead, 1940 Canadian Open and 1950 PGA champion.

Leafs Battle South Side In Clarke Stadium Fixture

WEDNESDAY night at Clarke Stadium, the junior football squads that made such a distinct hit with Edmonton fans last fall will be in action again with the Maple Leafs battling the South Side in the first of a two-game spring exhibition series aimed at keeping green grass under the players' feet and to help the coaches get an idea of what sort of talent they will have this year.

Starting time for this earliest pickin' preview in the city's history is 8:30 p.m. The winner of this game will advance against the E.A.C. on the following Wednesday.

Jimmy Dean and "Pinky" Hardy coaches in charge of the South Side Club, had an enthusiastic squad of 22 players on last night and are confident that they have enough power to meet the onslaught of the Leafs, last year's city champion.

Tommy Hays and Steve Glazier, the Maple Leafs are also confident. While their squad has lost a number of stars through injury, the coaches are anxious to see how the replacements that will keep their team at the top of the heap.

Veteran Oregon Coach Expects Steers To Clear Seven-Foot Mark In High Jump

PORTLAND, May 20.—(NEA)—Take a look at your front door. Do you think you could take a run and jump over it with several inches to spare? Do you think any man could make a jump like that without a vaulting pole? Coach Bill Hayward, veteran of 38 years of track and field coaching, believes that Lester Steers or Oregon will set an official high jump record of seven feet at the Coliseum Relays in Los Angeles on May 24—a new world record that seems almost impossible.

It would surprise Bill Hayward if his Lester Steers performed the feat for the Oregon skyraider will be spurred by Johnny Wilson of Southern California, Bill Stewart and another high flyer or two. Stewart recently turned in a remarkable jump at Provo, Utah.

Kenzie Lee Steers this spring became the first high jumper to top 7 feet. He cleared 7 feet 10 inches, but the height was achieved in an exhibition, so it was unofficial.

Stirling record
Steers had to wait until Oregon met Washington in a dual meet in Seattle to make an official record. He cleared 6 feet 10 1/2 inches.

On his last attempt, the Palo Alto youth went the javelin with 161 feet 4 inches, placed third.

Speaker Says Old Age Pension Responsibility For Dominion

Gives Address

The administration and financing of old age pensions should be made the complete responsibility of the Dominion government and, to achieve this, pensioners should continue to organize in bodies and press their demands, it was stated by J. Percy Page, M.L.A., in an address to the Alberta Pensioners' society, Monday evening in the L.O.O.F. hall, 401 street.

Edward C. Fisher, president of the society, was chairman. A. A. MacLeod, People's campaign candidate in the East Edmononton federal by-election, also spoke briefly at the meeting.

Mr. Page stated that the Alberta government had stated it could not assume an increased pension burden and that it was urged in the *Sinior* report that the Dominion assume this service. At present the Dominion pays 75 per cent of the

Exercises Held: Addresses Given

More than a 100 students of Jesuit College heard addresses from three prominent Edmonton men at the college's season-closing exercises last week.

John Keller, advertising manager of the Hudson's Bay Company, spoke on the subject of "The Canadian People."

He urged the society to "go into the other provinces and organize your movement on a national basis."

He felt that it was "wholly reasonable" the pension age should be

VICTORY LOAN DEMONSTRATION PLANS PROGRESS

Plans are moving ahead rapidly for a parade which will involve some 4,000 people, armed forces, auxiliaries and veterans, to be held Monday, June 3, which is to be known nationally as "Victory Loan Day."

Chairmen of the parade committee is John McFarlane, who stated that in the parade will be the air force, navy, active and retired army, the Alberta Women's Service Corps, the Red Cross and other auxiliary services, veterans' organizations.

A feature of the parade will be a body of nationals of occupied countries, with their national flags and in some cases national costumes. All city bands will be in the procession and lively zone town bands from outside points.

The parade will move from Jasper and 10th street out to 100 street, where it will turn north to 104 avenue and will break off at that point.

Half an hour after the parade there will be a huge fireworks display which will be seen from all parts of the city. The fireworks will be set off at a point which will give the best view from the top of the river banks on both sides of the river.

George King Of Fire Branch Ends Lengthy Service

George R. King, fire-alarm department operator at the Edmonton fire department, has retired after 22 years of service. Mr. King left Edmonton early Friday to visit his son Jack King, R.C.M.P. from there he will move to Victoria, with his wife.

Born in Lacombe, Alberta, of English parents, in January, 1884, he came to Edmonton from Lacombe, Lacombe, Eng., where spent most of his life before coming to Canada.

He went overseas with the 31st Battalion and later transferred to the 2nd. He was later shot at Vimy when a German shell exploded near the machine gun post in which he was located, and was rescued by four German prisoners who were ordered by the British to capture the debris. He is a member of the Army and Navy Veterans' Association and the Outfitters.
